

Animal Caretaker in Biocontainment Training Program

UNIQUE HANDS-ON TRAINING PROGRAM SPONSORED BY THE USDA

Learn specialized animal care techniques in a research environment

Make a Difference Through Work Benefiting People and Animals

This comprehensive training program is designed to equip the next generation of animal caretakers with the essential skills and knowledge required to provide exceptional care for animals in a biocontainment facility

Jumpstart a Rewarding Career Path

Completing the program prepares you to apply for a long-term animal caretaker career at an academic or federal biocontainment research institution

The program is offered each summer from 2024 – 2027

Experience **four weeks** of hands-on training in College Station, Texas

The program is grant-funded. Lodging, travel support, and a stipend will be provided
